BARQ Core Values

Excellence

We deliver value to our clients through rigorous planning and disciplined execution. We hedge against complacency by reflecting critically on our business practice.

Trust and Integrity

Trust is the foundation of our relationships with our clients, our partners, our people and our communities. We never compromise on our professional and ethical principles.

Collaboration

We work together to reflect the "Power of One" and to create synergies. We minimize organizational boundaries and work across them effectively.

People

We have the courage to take full responsibility for our actions at all levels. We set clear targets, we empower our people and hold them accountable.

Accountability

We take the safety and wellbeing of our people seriously. We provide our people with growth opportunities and we partner with them to unleash our collective potential.

Respect

We Promote diversity and equal opportunity Throughout the Organization. We value and respect the views of others

Our Services

Design, Construction –Testing and Commissioning–Operation for the Bellow Types of Projects:

1. Portable and Prefabricated Buildings (Restaurants- Accommodation Modular Units-Guard Houses- Modular Offices-Toilets-Showrooms)
2. Design, Construction and Operation of Water Medium and Large size infrastructure Pumpstation (Low Voltage up to 315 KW-Medium Voltage Pumps Up to 1.1 MW)
3. Design, Construction and Operation for Truck Filling Stations (Potable Water-Brackish Water- Treated Sewage Effluent)
4. Construction and Operation for Glass Fused Steel Tanks (Capacities Up To 20000 m3)
5. Design, Construction and Operation of Sewer and Storm Lift Station (Low Voltage 450 KW-Medium Voltage Pumps1.3 MW)
6. Design, Construction and Operation Potable Water Transmissions Lines and Distribution Networks including Fire Hydrants as per AWWA Standards
7. Design, Construction and Operation for Sewer and Storm Water Force mains
8. Design, Construction and Operation Treated Sewage Effluent and Irrigation Networks
9. Design, Construction and Operation Sewer and Storm Networks-Channels-bonds-Culverts
10. Design, Construction and Operation Industrial Automation (SCADA-PLC-Instrumentation) including Providing all Sensors, Transmitters, Switches, Control Valves (Pressure &Flow), Flowmeters, PLC and SCADA for all industrial systems related to Water Industry
11. Construction and Operation for Saline and Brackish Water treatment Plants
12. Construction and Operation for Domestic Waste Water Treatment Plants
13. Construction and Operation for Industrial Waste Water Treatment Plants
14. Construction and Operation for Commercial and Residential buildings
15. Maintenance, operation and buildup of public parks and green landscape
16. Design and Construction for Surge Anticipating Solution for all Pressurized Systems
17. Design Supply and Construction for Prefabricated Stand-Alone Remote Buildings powered by -Off Grid -Solar PV System
18. Urban Cities Management, Cleaning, Landscape, Irrigation, Local Roads, Arterial Roads, Wet and Dry Utilities Operation and Maintenance

Our Strength

Our Strength and Success Factors in Providing Our Services depends on :

1. Technical Office: All our projects are Designed /Design Reviewed by our Specialists Providing the Optimum Design to Our Clients. In Case the Design is provided by Others we Review it and Provide Gap Analysis assessment to the client for his approval. All Our Designs are in line with the commonly used International Standards.
2. Execution Team: BARQ has engineering staff with more than 30 years of experience in the implementation of construction and civil works, build up, maintenance and operation of water Treatment Plants, sewage treatment and laboratories. The company includes technicians of different nationalities whose experience is more than 25 years to implement and manage huge projects. All Project Managers are PMI-PMP Certified
3. Procurement Team As we are in this Business For 20 Year, we have good relation with Most of the Local Suppliers and Manufacturers. Our Procurement Team has a clear vision When and Where to Buy the required items. Our Team Clearly Know Whose supplier has commitment in Delivery Schedule and Who has not.
4. Managing Complexity: single construction project can have multiple stakeholders and even multiple locations. There are also unexpected events like severe weather conditions, accidents, and supplier shipment delays. BARQ has a firm grasp on this complexity.
5. Client Diversification and protecting cash flow: companies resist any adverse changes in economic conditions. It also maintains the stability of cash flow and reduces volatility, all of which are critical to a construction company's continued operations.
6. Resources: BARQ has its own resources, Equipment and Tools which saves Time and Construction Cost so they Can offer Comparable Estimation for Their targeted Projects
7. Client Satisfaction: BARQ has contentious and proper communication with their clients to Survey their Expectations and do their best to get their Satisfaction
8. Health and Safety: BARQ Established a dedicated department in the Company who Takes Care about implementing the Highest level of Safety and Health Standard
9. Environment: AS Per 2030 Kingdom Vision, Environment become every one Responsibility in society. Environment Maintenance is one of BARQ Targets

Samples Of Our Projects

Client: NEOM

Project Discription: Design Construction of (3) smart Remote Toilet Buildings in NEOM area (Georgios, Catalina, and Taib Esm)

The Site is 100 % energized by Off grid Solar System with recovery Battery for 48 Hrs. The construction is Prefabricated Steel Structure Building. The Project is Delivered in (90) Days

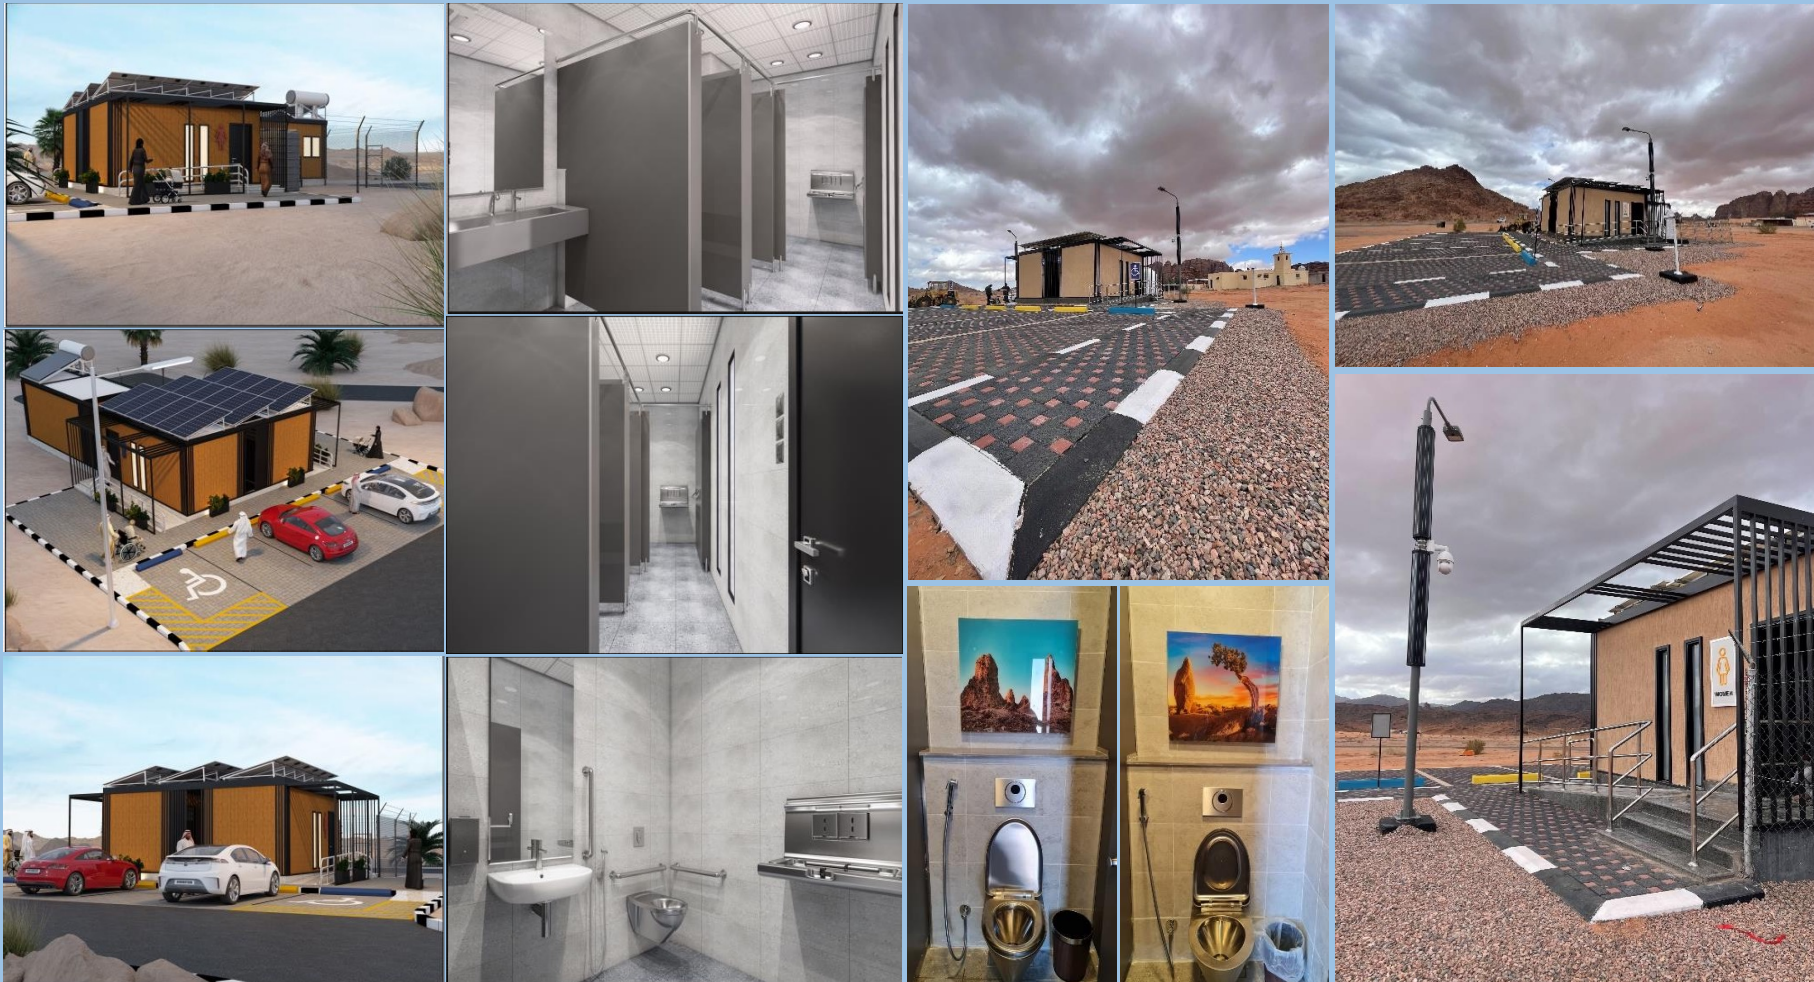

Samples Of Our Projects

Client: NEOM

Project Discription: Design Construction of (11) Public Facility Including Toilet Buildings in NEOM area

The Site is 100 % energized by Off grid Solar System with recovery Battery for 48 Hrs. The construction is Prefabricated Steel Structure Building. The Project is Delivered in (120) Days

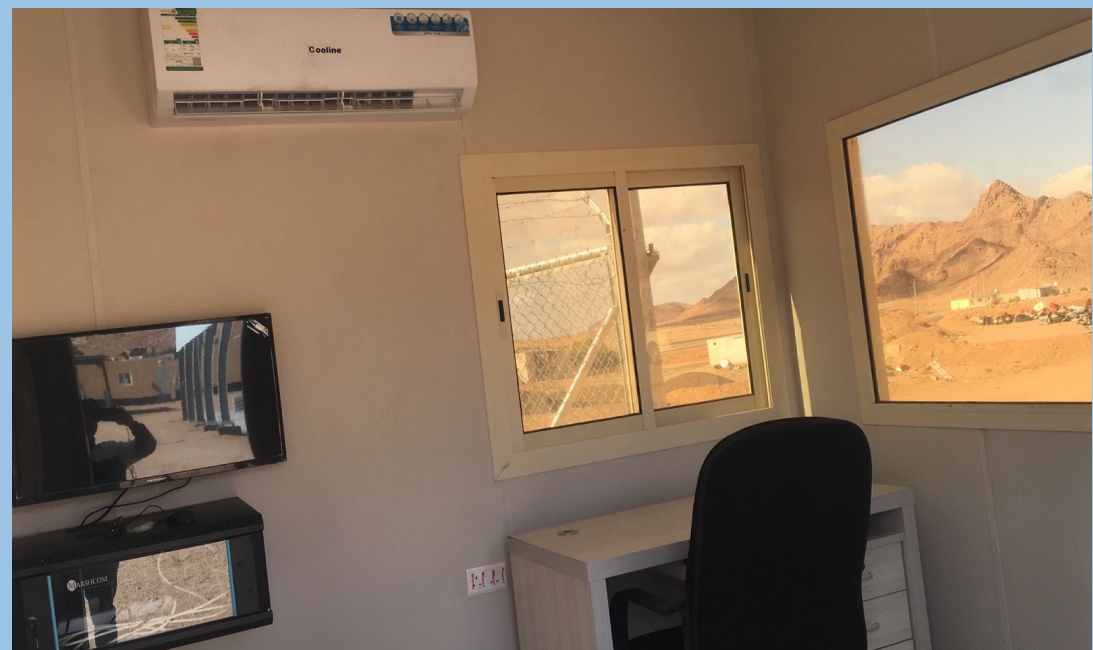

Samples Of Our Projects

Client: NEOM

Project Description: Design, Supply and Construction of Prefabricated Building 5 different locations | Neom Region

The construction is Prefabricated Steel Structure Building. The Project is Delivered in (45) Days

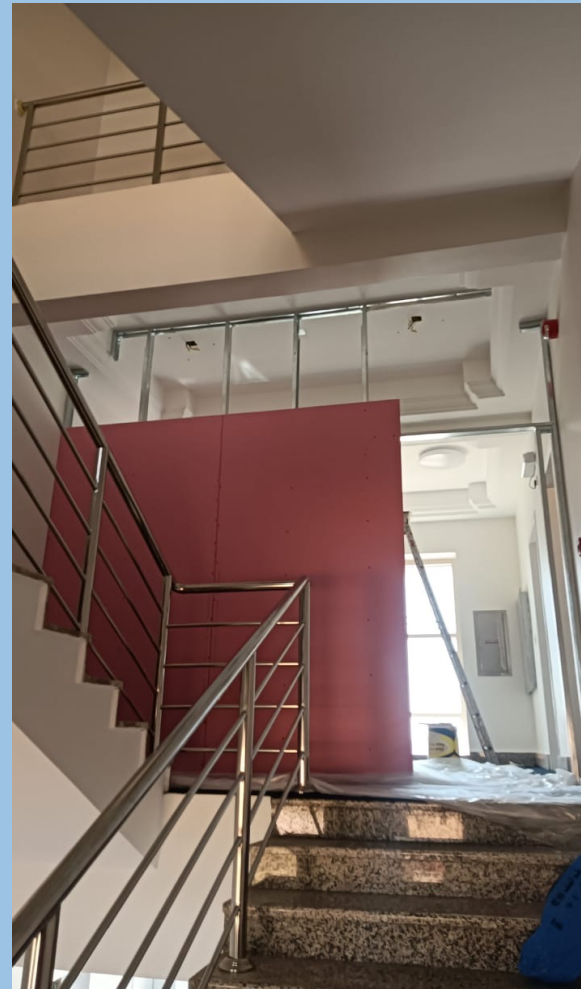

Samples Of Our Projects

Client: NEOM

Project Description: Design, and Construction of Oxagon Al mwani building 10 Building Residence & offices
Neom Region

The Project is Delivered in (120) Days

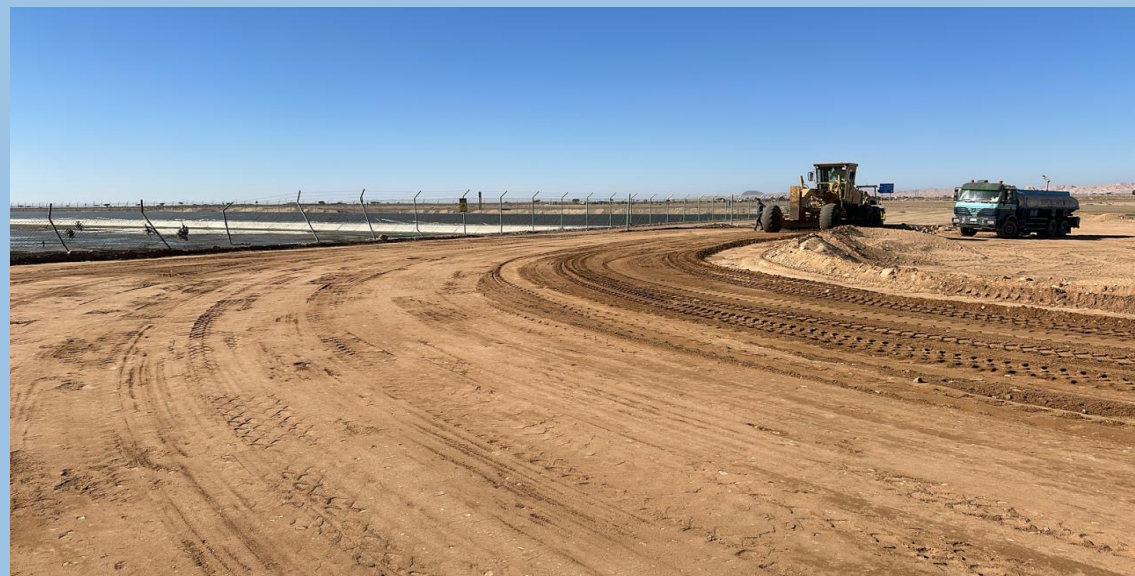

Samples Of Our Projects

Client: NEOM

Project Description: Design, Supply and Construction of Enabling Works at Al Bada TRF2
Neom Region

Design, construct, roads, The Project is Delivered in (45) Days
